

	Title	Authors
1	Profiling New Generation of Workers in Calgary: Evidence from a Post-COVID Household Travel Survey	Atkia Ibnat, Ahsan Habib
2	What and Where We Do Activities in Post-COVID Era: Developing a Copula-based Modelling Framework for Halifax, Canada	Xinming Li, Hasan Shahrier, Ahsan Habib
3	Post-COVID Household Travel Surveys: Experiences from Four Canadian Cities	Ahsan Habib, Taylor Oliver, Sophie Marchant
4	Development of Synthetic Population and Their Baseline Mobility Tool Ownership for the Province of Nova Scotia	Vajeeran Arunkirinathan, Ahsan Habib
5	Predicting Consumer's Intention to Purchase Electric Vehicles: An Explainable Machine Learning Approach	Sagar Bhandari, Ahsan Habib
6	A Hybrid Optimization and Microsimulation Modeling Framework for Simulating Weekly Travel Activities	Jahed Alam, Rifat Bhuiyan, Ahsan Habib
7	Investigation of Electric Vehicle Market Segmentation, Barriers, and Facilitators in Halifax, Canada	Kashfia Nokshi, Rifat Bhuiyan, Ahsan Habib
8	Investigating Factors Influencing Stop-level Public Transit Ridership in Halifax, incorporating Business Establishment Attributes	Kashfia Nokshi, Ahsan Habib
9	Activity Scheduling Considering Physical and Virtual Spaces within an Activity-Based Travel Demand Modelling System	Asif Anik, Ahsan Habib
10	Modelling Activity Participation and Time-Allocation in Physical and Virtual Spaces	Asif Anik, Ahsan Habib
11	Integrated Activity-Based Modeling for Evaluating the Effects of Vehicle Type Choice Model on Transportation Network and Greenhouse Gas (GHG) Emissions	Hasan Shahrier, Vajeeran Arunkirinathan, Ahsan Habib
12	Modelling the Joint Decisions of Activity Start-time and Duration for Different Activity-based Tour – A Copula-based Approach	Hasan Shahrier, Xinming Li, Ahsan Habib
13	Evaluation of Climate Action Plans: A comparative analysis of transportation initiatives in multiple Canadian Municipalities.	Hetvi Joshi, Hasan Shahrier, Ahsan Habib
14	A Core-Satellite Modelling Approach for Provincial Travel Demand Models: Case Study of Nova Scotia, Canada	Vajeeran Arunkirinathan, Ahsan Habib
15	Towards a New Paradigm of Activity-Based Travel Demand Modeling: Activity Scheduling in Physical and Virtual Spaces	Asif Anik, Ahsan Habib
